Registration of \$100, includes ACA investing workbook and online resources

What is this?

This workshop offers insights for **investors** and **entrepreneurs** into angel investing as an asset class, with a focus on anticipated returns, portfolio strategy, early-stage company valuation, due diligence, term sheets, and post-investment angel involvement in companies.

For Investors: New angels and accredited investors will learn more about angel investing with an emphasis on best practices used by successful angel investors across the country.

For Entrepreneurs: A panel discussion with current angels will give entrepreneurs a detailed look into how angels view and make early-stage investment decisions.
